INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1969 edition of the Waltham City Directory.

Confidence in the growth of Waltham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Waltham to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Waltham Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Waltham, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, included on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Waltham, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and ZIP Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY the fourth major department, is printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Waltham.

The Waltham Directory Library

Through the courtesy of the publishers of the Waltham City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HISTORY

Incorporated as a town in 1738.

Voted to apply for City Charter November 30, 1883.

Incorporation act approved June 2, 1884.

Accepted by town July 16, 1884.

Election of first Mayor and Aldermen December 2, 1884.

Inauguration of first Mayor January 5, 1885.

Situated on the beautiful Charles River, nine miles west of Boston, the rich and fertile plain on which stands the present city of Waltham was called "Eden Vale" by the earliest settlers.

In 1738, this area, which then comprised the Western Precinct of the town of Watertown was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788, that it became anything more than an agricultural community.

Additional information on the history of Waltham and the many historical points of interest can be obtained from the Waltham Historical Society, located at the Lyman House (The Vale) on 185 Lyman Street. Miss Marjorie Childs, curator. Information is also available at the Waltham Public Library.

Gore Place

One of the early Governors of Massachusetts, Christopher Gore (1809-10), built a magnificent house (1805) with bricks brought from England, and surrounded it with imported shrubs and trees. The property, especially the house and immediate grounds, is being restored to its former grandeur and historic attractiveness by the present owners, the Gore Place Society. Open April 15-Novermber 15.

Gore Place, Waltham, Massachusetts.

Lyman House (The Vale)

This magnificent and unsurpassed country residence has been presented to the Society for the Preservation of New England Antiquities through the generosity of five children of the late Arthur and Susan C. Lyman, descendants of the original Theodore Lyman. It is located on Lyman Street as its junction with Beaver Street. Erected in 1793 by Theodore Lyman, a Boston merchant, "The Vale" was designed by the noted American architect Samuel McIntire. Several features of the spacious building reveal Bulfinch's influence on the great Salem architect of that early day, McIntire. The house is a central motif of an estate of 36 acres with spacious lawns, old and modern greenhouses and many attractive shrubs, flowering vines, plants and trees, some of the latter being 200 year old specimens. The place is open for inspection from early June until the middle of September with a nominal charge of admission to help maintain the interesting estate.

Boys' Club of Waltham

One of the nation's finest youth centers occupied 38,000 square feet of land on Exchange Street, a short distance from Central Square. Valued at an estimated million dollars, the Waltham Boys' Club was erected for $680,000 on a "self-help" plan designed to make two dollars do the work of three. Citizens raised $190,000 in a capital fund drive and by self-help qualified for matching dollar assistance from the Charles Hayden Foundation to complete the facility. The building, dedicated on November 24, 1952, is designed for a membership of 2,000 boys. It contains the William H. Nichols Gymnasium, the Thomas Worcester Auditorium, a flush-deck swimming pool with spectator facilities for 300, and games and crafts rooms. Special activities are made available to girls, women and men, as well as to adult groups when it will not encroach upon the boys' schedule. The Boy's Club is a Red Feather agency and supported in part from funds raised by the United Fund of Greater Boston.

HEARTLAND OF INDUSTRY AND ELECTRONICS

If a study were to be made of communities that have experienced great industrial expansion in recent years, Waltham would be found among the leaders. The city has had a minimum of difficulty accepting the changes that have taken place with the advent of the electronics era.

As most everyone knows, Waltham was the home of the world-famous Waltham Watch Company for more than 100 years. It discontinued operations early in the 1950's, but Waltham's reputation as a "City of Precision" was maintained by the continuing growth of other precision-orientated companies and was accelerated by the extraordinary industrial development along Route 128--"USA's Number One Electronics Highway."

This highway has brought to Waltham not only extensive industrial growth but industrial diversification as well. While electronics research and production dominate in Waltham, the community has some 300 firms, large and small, in other lines. Included among the products manufactured are: electrical machinery, fabricated metal products, machines and machine tools, rivets, business forms, mica products, microfilm, screw machine products, grinding wheels, gauges, batteries, jewel bearings, pumps, as well as electronic systems equipment, microwave and power tubes, experimental laboratories, radar, research and many other products and industrial activities.

Agriculture

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products. It has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau. In the beautiful section of the city known as Cedar Hills is located the Waltham Field Station, a branch of the University of Massachusetts. Experiments are in progress in vegetable gardening, fruit growing and ornamental horticulture. Civic pride is strong among the residents of Waltham, and at the Field Station our

citizens receive help and free information regarding the maintenance of their lawns and shrubbery and the general upkeep of the home grounds.

Retail

Waltham stores are well stocked and well managed and carry a complete range of merchandise at prices as favorable as any in the large centers. Approximately 2,300 persons are employed in Waltham's approximate 487 retail outlets, on a full-time basis. An extra 1,009 are employed on a part-time basis.

Banking Facilities
December 31, 1968

The Newton-Waltham Bank & Trust Co., the largest commercial bank, has resources of $157,616,034. Waltham has a Savings Bank over 100 years old, with assets of $70,556,932. The Waltham Federal Savings & Loan Association was organized in 1880, federalized March 1, 1937, and the present resources are $78,868,996. The Waltham Citizens National Bank was opened on September 5, 1946 and lists resources of $13,463,218. The Guaranty Trust Co., opened January 21, 1952, and lists assets of $28,934,342. The Middlesex Family Co-operative Bank started operations on January 25, 1954, and lists assets of $4,146,886.

Churches

There are twenty-five church congregations, also numerous philanthropic societies, including the Waltham Community Fund, Inc., embracing 8 relief, social service, philanthropic and character-building agencies.

Fraternal Societies

Nearly every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him thos affiliated with his own organization.

Theatres

One theatre presents moving picture entertainment in Waltham, The Embassy Theatre has a seating capacity of 2,093.

Hospitals

There are 4 hospitals, the Waltham Hospital, 236 beds and 28 bassinets; the Middlesex County Sanatorium, 350 beds; the Metropolitan State Hospital for the care of mental cases, present capacity 2,154 beds; and the Walter E. Fernald State School for the Feeble Minded, the oldest of its kind in this country, present capacity 2,525 beds.

Waltham Housing Authority

The Waltham Housing Authority, established in 1948, constructs, manages and maintains housing for families of low income and elderly persons 65 years of age and older. Rentals are based on income and family size, with Veterans preference for family size units.

Total program—505 units, 278 for families, 227 for the Elderly. Authority is now engaged in leasing 100 units from private landlords—fifty for Elderly and fifty for families.

The Waltham Housing Authority Chairman is Edward W. Costello and Charles A. Lawless is the Executive Director. The office is located at 5 Brookway Road, Waltham.

Transportation Facilities

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Division of the Boston & Main Railroad, the latter offering excellent rail shipments to the Central, West, Far West and Northern and Canadian points. Motor truck lines add to the ease of quick shipping facilities. Together with the Watertown Branch, these three roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville providing quick rail transportation to points South and West. Inter-city bus service is provided by the Middlesex & Boston Street Railway Co.

Motor Routes

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains. U. S. Route 20 passes through Waltham to Boston, 9 miles east. Route 128 by-passes the city at its westerly boundary with Weston. The Massachusetts Turnpike eastern terminus is located 1.7 miles south of the Route 128-20 junction in Waltham.

Advantages of Waltham

Waltham has splendid roads, fine schools, congenial social conditions, a rated standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above average, abundant recreation and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Waltham has them all.

The Waltham Chamber of Commerce, composed of over 400 business and civic leaders of the city, welcomes inquiries and will be glad to make a complete and intelligent survey of the situation for acceptable prospective industry or business.

Waltham's new $2,500,000 Municipal Service Center which houses the city's public motor vehicle fleet, fire, police and public works department headquarters is "A modern monument. . .to a changing city."
Mike O'Neil, Photographer
Waltham, Massachusetts.

Waltham will continue to register a very definite increase in population, development of its Retail Shopping District and during the next five years will make a decided gain in the number of new residences. With a very favorable cost of living figure and a proximity to Boston, the Waltham district is proving very attractive to many industrial and business houses in addition to home seekers.

Recreation

With parks, playgrounds and other facilities for outdoor recreation. Waltham is bountifully supplied. In the very heart of the city there is an unusually fine Common of 7.20 acres on which is located a stately as well as attractive City Hall. Prospect Hill Park is a natural beauty spot of 265.89 acres, such as can seldom be found within walking distance of a busy city. It is the highest elevation within the city limits and a vista of over 40 miles is obtained from its vantage points. It is provided with good roads, enticing pathways and camping sites and includes a ski slope with rope tow. Ski instructions are offered by the Prospectors Ski Club when the ski area is operating. The State Girl Scouts have spacious grounds at Cedar Hill, left for the purpose by Miss Cornelia Warren. The grounds embrace acres with many interesting features and with an area for camp sites, on which Scout Troops from various cities of the Commonwealth locate their camp houses. There is also the High School Athletic Field of 10.50 acres and 15 active playgrounds

of 65.13 acres and 5 on school sites, competently supervised with an efficient corps of instructors. The Charles River, with facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England. The Metropolitan District Commission maintains a public outdoor swimming pool staffed by qualified life guards who also instruct classes in swimming. A modern bath house has been erected adjacent to the pool. During the winter months the pool is covered and frozen for use as a public ice skating facility. One of the largest and most modern roller skating rinks in the east is located in Waltham. Regional and national roller skating contests have brought champions to the Waltham Rollerway to compete for honors. Waltham claims some of the largest and most modern bowling alleys in New England. The facilities are available for league play and public bowling.

The Waltham YMCA, with offices at 725 Lexington Street Waltham, is a branch of the Greater Boston YMCA. It is primarily a social group work agency designed to meet the social and recreational needs of boys, girls, men, women and families. The YMCA owns an 85 acre wooded site at the above address. On the site at the present time is an outdoor swimming pool, year round heated lodge, offices, meeting rooms, several day camp buildings, two ball fields, picnic groves with fireplaces and other recreational facilities available to boy scouts, girl scouts, church groups, industrial and social clubs and others for outings and group activities. Camp Cabot, a summer camp program, operates four two week day camp periods with bus service for boys and girls from 6 to 12 years old. The Cabot Club is a summer family membership program allowing privileges of the area and use of the swimming pool. During the non-summer seasons, the YMCA uses community facilities for its youth and adult programs. Future plans call for the construction of a second pool for year round use, a health club and a program building by 1969.

The Waltham Area Chamber of Commerce

It is Waltham's largest and outstanding civic and commercial organization. Its membership embraces over 500 of the business and civic leaders of the Community. Incorporated in 1917, it has been a dominant factor in the remarkable growth of this city.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT!
OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES
1969

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
